DESIGNED
PURENESS

LITHOSS

Welcome to a world where intelligent functionality meets high-end design. Enter a setting where every detail, no matter how small, plays a crucial role in elevating your interior spaces to extraordinary heights.

Explore a universe of dynamic textures to evoke an unparalleled tactile sensation.

About us

Lithoss is an internationally renowned design company that has been manufacturing design switches for over twenty years. Our products have been acclaimed worldwide because of their unique design, functionality and soundness. This is evidenced by the numerous prestigious projects whereby one of our original products is resolutely opted for.

Design, Exploration & Craftsmanship

Our unique, handcrafted products showcase our dedication to quality and love for design. We are always on the move, staying updated with the latest trends in interior design, architecture, lighting, home automation and lifestyle.

This continuous exploration for innovation has enabled us to stay ahead of the curve and surpass common quality standards for over twenty years.

Mastery in Belgium

Lithoss stands out through its commitment to quality.

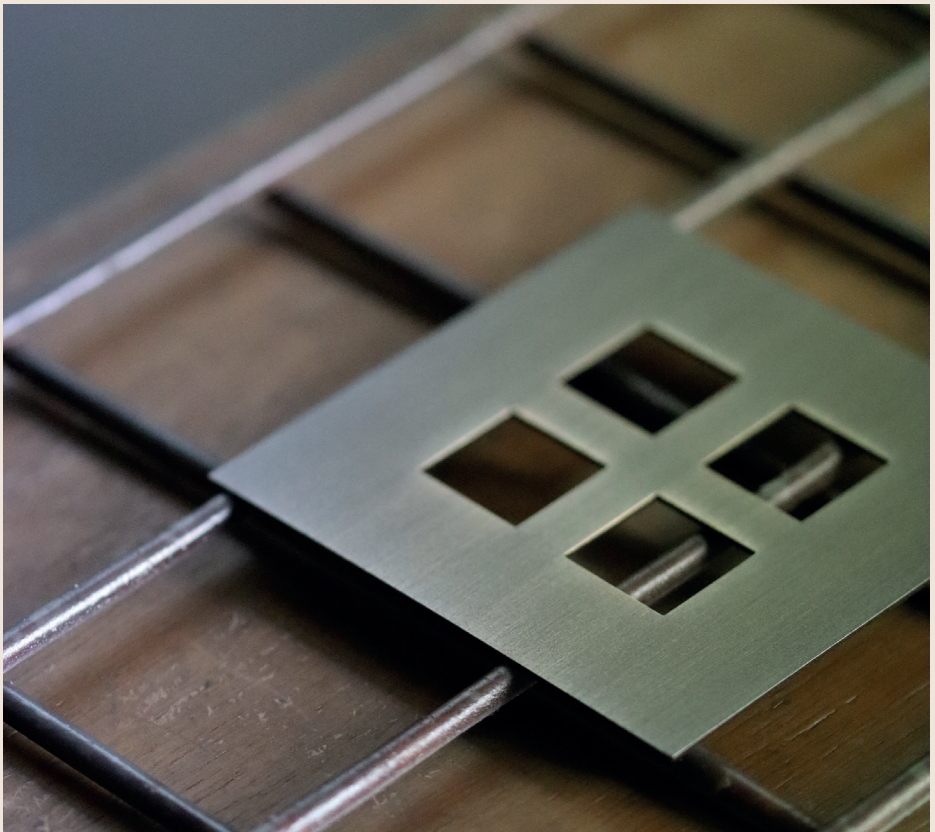

For over 20 years, we have crafted every product in Belgium with premium materials, ensuring exceptional durability and the refined craftsmanship synonymous with Belgian excellence.

What truly sets Lithoss apart is the vast range of possibilities.

From functionality and finish to installation choices and personalization, our products adapt to every style. Whether choosing a finish, adding an engraving, or integrating a door handle, each piece can be tailored to your taste.

Beyond aesthetics, Lithoss offers a comprehensive product range—from switches and sockets to USB chargers, sensors, and thermostats—designed for seamless integration with advanced automation systems.

We also ensure compatibility with major home and building automation technologies such as KNX and Casambi, enabling effortless integration and enhanced functionality for any space.

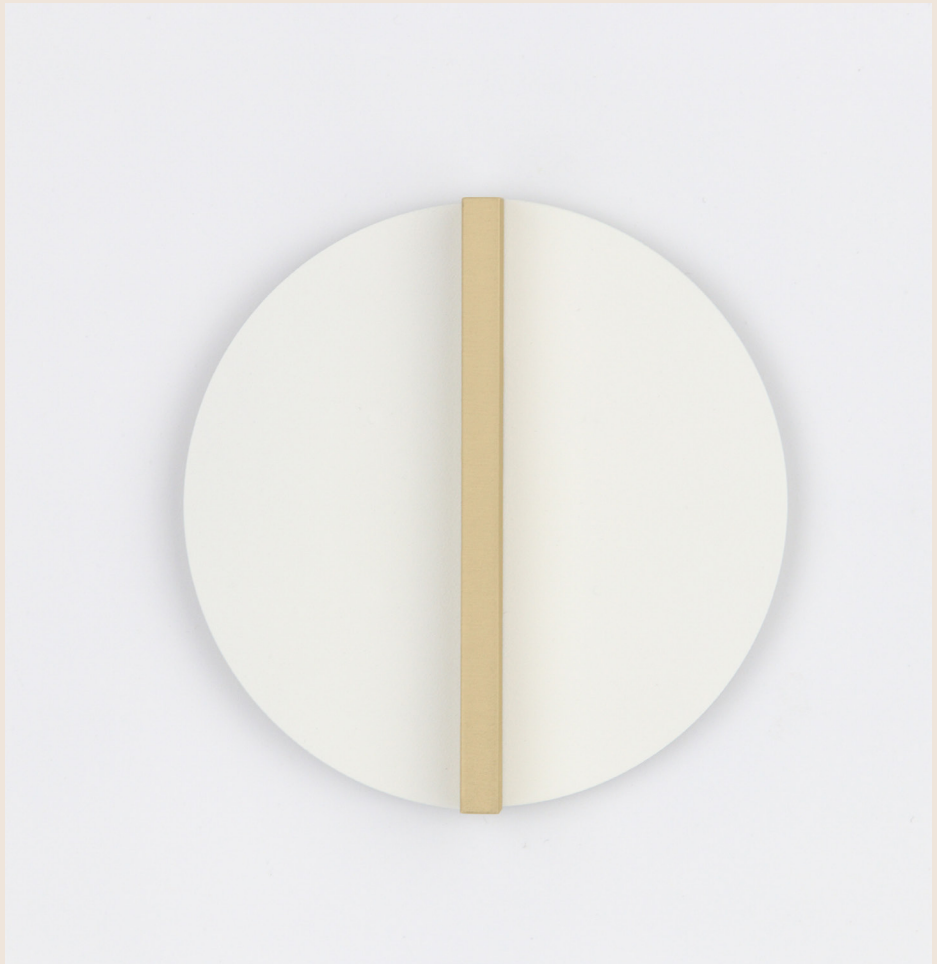

ZENO

Zeno embodies the essence of refined simplicity.

A switch that not only functions but elevates the space.

Zeno strikes the perfect balance between technology and emotion: Its pure lines, tactile finish and timeless proportions make it an icon of understated luxury.

COSMOPOLITAN

The Cosmopolitan range complements any interior with its subtle, yet practical elegance. Thanks to its sleek aesthetics and intuitive performance, this collection offers a stylish and practical solution for hotel corridors, featuring customizable room number options to suit any layout or branding.

SELECT

A sculptural switch with exclusive handmade finishes, defined by clean geometry and a tactile push button. Timeless craftsmanship meets minimalist elegance, designed to elevate every interior at a single touch.

COCKPIT

Cockpit makes a bold statement with its timeless cone-shaped toggle and finely knurled detailing, creating a vintage appeal. Rich in character, this design is the perfect match for both traditional and ultramodern interiors that dare to stand out.

PIXEL

Pixel reshapes minimalism with a sleek, refined button and a perfectly balanced design. Built with Lithoss' signature quality, Select's little brother blends great into contemporary spaces where subtle detail makes all the difference.

TECHNOLOGY

Quality you see, technology you trust.

Lithoss not only aims to be a design object, but also a smartly engineered component that integrates into advanced building technologies.

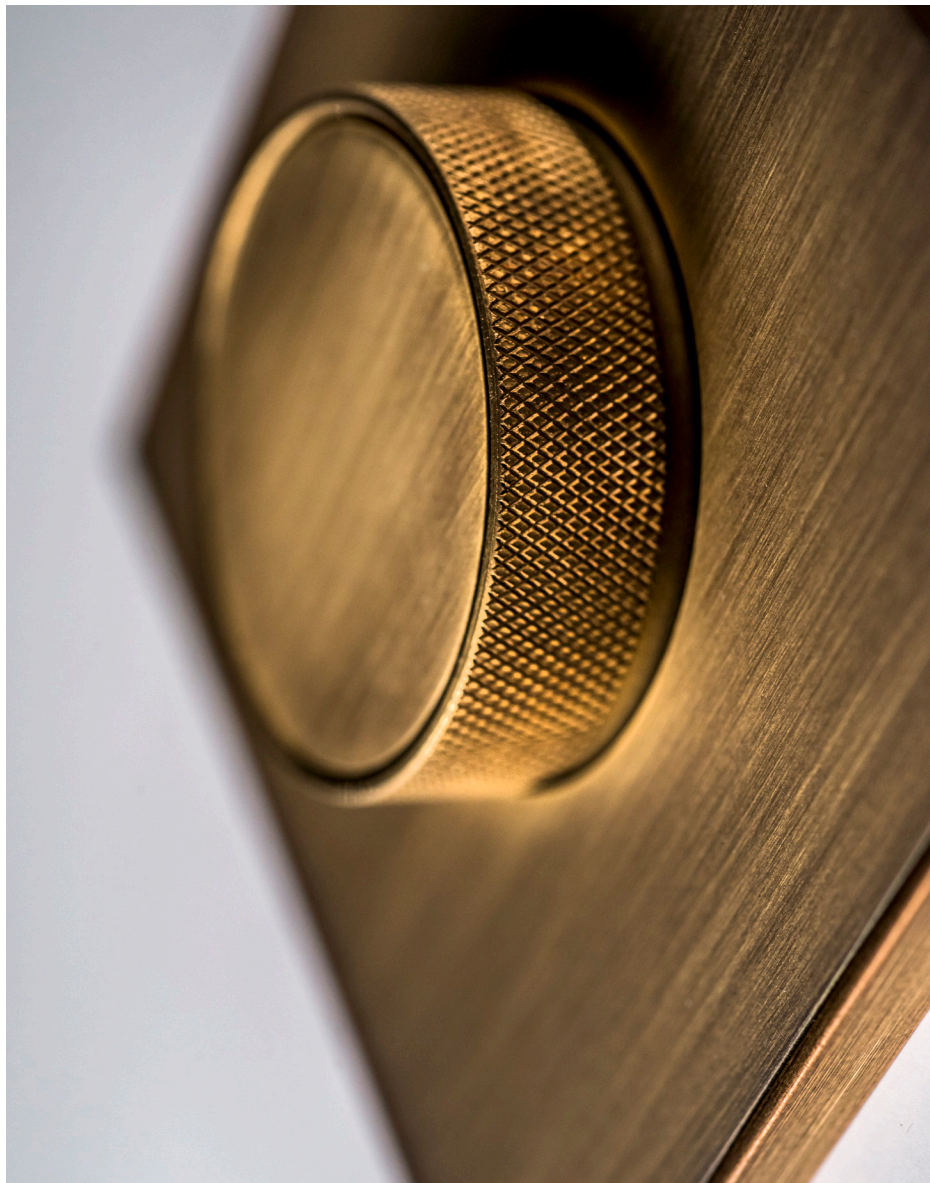

CASAMBI

DALI

DIMMERS

Turn ambiance into an experience with our tactile Cockpit-inspired rotary dimmer. Crafted for grip and authentic touch, it's a bold nod to vintage sophistication in a contemporary setting.

AESTEEM

Recognized with the Henry van de Velde label and the A Design award, Aesteem boasts a distinctive silhouette, centered around the square as its basic form. Combine with sockets in the same design for a cohesive look.

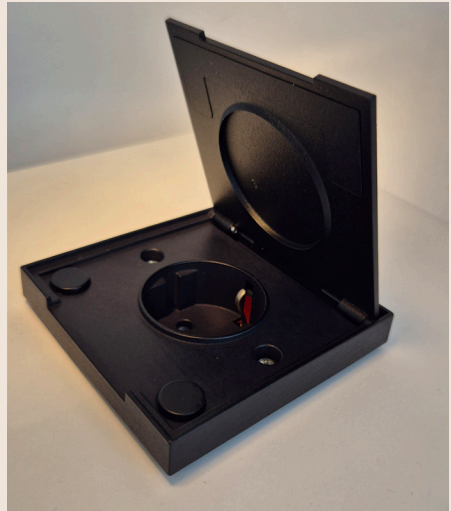

HOTEL SOLUTION

Robust, elegant control systems developed for demanding hotel projects and long-term operational stability. Custom-designed and technically configured to integrate perfectly with architectural intent and hotel infrastructure.

OUTDOOR SOCKETS/VOID

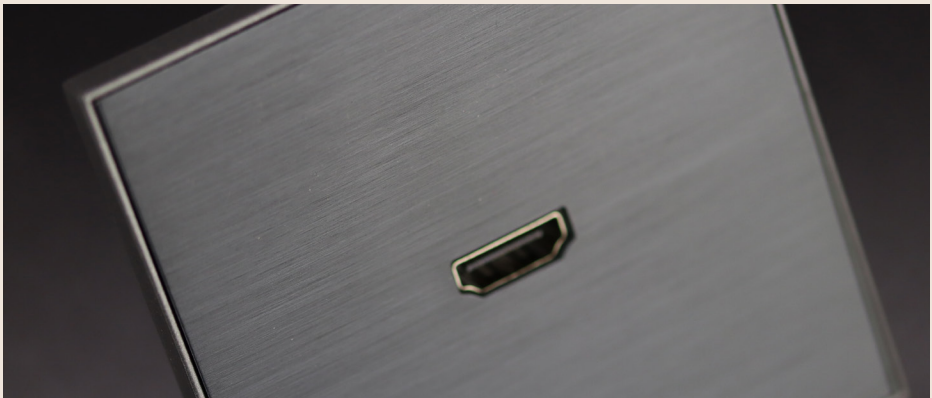

Finished in Textured Black, this outdoor outlet reflects the essence of Lithoss— understated, precise, and enduring. Its matt surface and monolithic presence blend perfectly into contemporary architecture, offering a discreet yet deliberate touch of design clarity. Function meets form, without compromise.

VOID

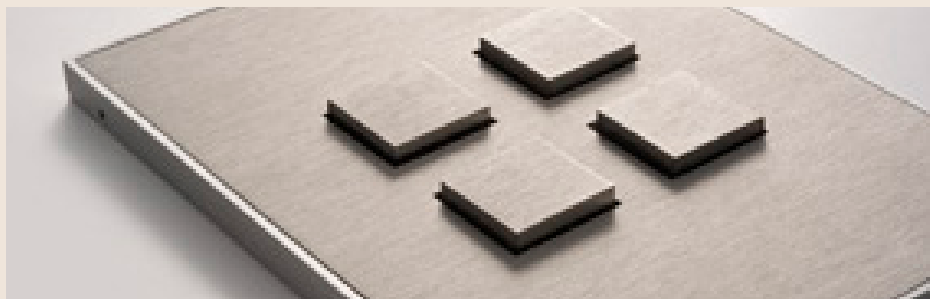

Consider the convenience of combining a switch with a socket in one panel. Our Void range showcases a range of sockets and other connectors that aligns perfectly with our design philosophy.

Ready to connect to the power of exquisite design and technology.

OPERA

Designed for Italian standard 503E and US single wall boxes.
Horizontal & vertical solutions

BRITANNICA

Designed for British standard double and Italian 504E electrical wall box.
Horizontal & vertical solutions.

HELVETICA

Designed for Swiss standard. Comes in round and square wall boxes.

ARPI

Our ARPI sockets supply underfloor currents in your home and garden in complete discretion, making your open spaces more functional. The different connectors (power sockets, data (RJ45), Radio-TV, Speakers, USB) and accessories respond to the needs of private homes, shops, businesses and the tertiary sector.

For more than 30 years, ARPI has proven to be robust and watertight, supplying underfloor power and data.

NEW WEBSITE

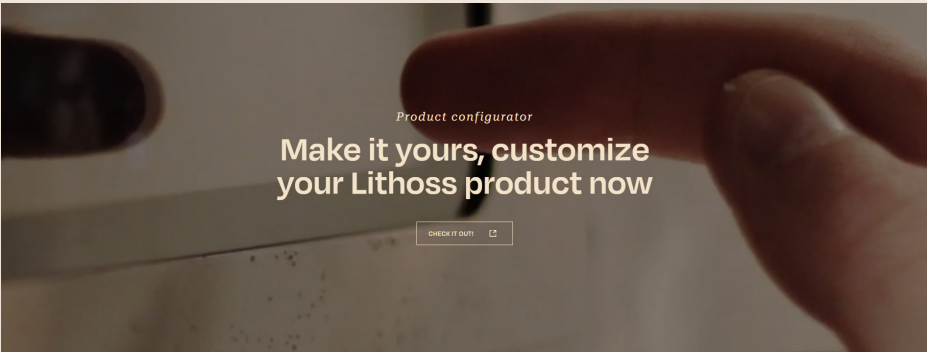

A fresh new look, intuitive navigation, and even more inspirational. Thoughtfully designed to serve you better than ever before. Our new website reflects the elegance and refinement you expect from Lithoss, while offering a smoother and more engaging browsing experience. Discover our collections with greater ease, explore detailed product information, and find inspiration for your next project — all in one beautifully designed digital environment.

CONFIGURATOR

Easily configure and personalise your products and projects.

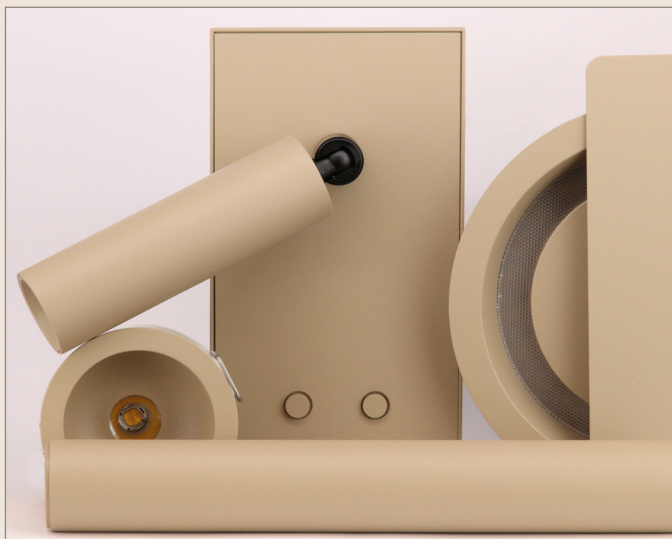

SYNERGY

We work in close collaboration with our sister company TAL.

A perfect synergy between switches and lighting. Discover TAL's pioneering approach to distinctive lighting design, integrating craftsmanship and premium materials to illuminate spaces that inspire with timeless sophistication.
